2. The OCR Table of Vehicular Allowance was revised on 6 November 1957 to provide a vehicle for this activity and a requisition was submitted to the Office of Logistics on the same day. The Supply Division has notified us that delivery of a vehicle through the normal GSA channels will take approximately 90-120 days. The Transportation Division has stated that due to other pressing commitments a vehicle cannot be detailed to this activity on a full-time basis.

3. Therefore, it is requested that authority be granted the Office of Logistics to make a direct purchase in order that a vehicle can be made available at the earliest possible date.
